**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5 – 7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claims 5 and 6, it is unclear whether the claim embraces the previously recited subaperture as 'at least one further sub-aperture' or 'a further plurality of sub-apertures' akin to claim 8?

With respect to claim 7, it appears that this claim should depend in either case from claim 5 which introduces the feature of receive sub-aperture plurality .

***Allowable Subject Matter***

Claims 1 –4, 8 – 25 are allowed. [A minor typo Cl. 10 l. 3 – board – should be corrected.]. Claims 5 - 7 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
